VIDEO RECORDING

Do you require your event to be captured for your website, social media and other platforms?

Would you like the option to show your presenter on large format screens in your space? The ability to capture this important moment is an excellent consideration for your event.

Baldwin AV offers full HD videography, recording in all formats up to 4K, as well as live to screen to ensure everyone can see your presenter.

Baldwin AV can provide the following:

- Full HD, 4K cameras
- Robotic PTZ cameras
- Multi-camera shoots to capture different angles and perspectives
- Complex video routing
- Audience capture for Q/A and reactions
- Live on-site camera production
- Provide multitude of different video formatting
- Cloud delivery and/or RAW delivery of physical media
- Video switchers
- State-of-the-art laptops with current software (MS Office, Adobe and more)
- Video playback of all industry standard formats
