B Virtual MEETINGS/WEBINAR

Are you hosting one-on-one or multi-person video meetings online these days? Does trying to learn, operate, and be the tech support for new software under tight timelines seem too much?

We're here to handle the hassle and setup so you can stay focused on business.

Baldwin AV provides you with the flexibility and security of different platforms to meet your individual needs. We'll provide you with the desired virtual meeting setup and the peace of mind that comes with its ease-of-use.

Baldwin AV can provide the following:

- Full HD, two-way video and audio streaming
- Multiple platforms (MS Teams, Webex, Zoom, GoToMeeting, BlueJeans, etc.)
- Hybrid live event with pre-recorded aspects edited for time
- Incorporation of presentations (PowerPoint, Keynote, Prezzie, Sli.do), video and other files
- Hybrid Q&A sessions where questions are recorded and answers are live
- Closed captioning, multi-lingual broadcasting, simultaneous interpretation
- Pre-recorded video as well as live recording capabilities
- Live, real-time technical support staff
- Pre-event testing
